# Door Decorating Contest

A door decoration makes it easy to spot your room. If you are with a group, having a door decoration makes it easy to find and connect with others in your party because you'll recognize each other's decorations, which often include names. It is Fun and Festive! In the interest of guest and crew safety, the following cabin decoration policies will be instituted and strictly enforced:

## Rules:

Decorations may consist only of fire retardant materials. Please note that items sprayed with fire retardant spray are not acceptable.
Decorations may only be placed on the cabin door and not the surrounding frame, walls or railings.
You may use magnets or Command Strips but no adhesives such as tape or glue.
Over-the-door hanging organizers must hang inside the cabin, must also be of fire retardant material and cannot damage the door.
No decorations of any kind may be placed over light fittings or fixtures. This may restrict the airflow and cause items to ignite.
No string lights of any kind are allowed.
For the safety of all guests and crew, any decorations not made of fire retardant material or deemed flammable, will be removed and you will be disqualified.

## Scoring:

Your door will be judged on the following criteria:
Visual Impact/Theme
Creativity
Craftsmanship

For safety reasons, Carnival ask that you abide by the above guidelines for decorating your cabin door as well as the interior of your cabin.

If you hear us running down the halls at midnight, we are JUDGING you!

## Door Decorating Contest

#

Place this as described by the organizer. Can not be hidden (such as in the mail box), or attached to the door.

# Judging Sheet : Door Decorating Contest

Judge Name:

As a judge you need to be impartial.
Each door must be judged individually, and independently
Do not judge according to the surrounding area, or combination of several doors.
Score 1-10 per category
